FREE AND OPEN SOURCE SOFTWARE

- 21-W:1 Mandatory Use of Proprietary Software Prohibited. No person in the state of New Hampshire shall be required to use proprietary software for any interaction with the government, including, but not limited to: the filing or payment of taxes, remote appearance for court proceedings, the taking of standardized tests or the completion of coursework by school students, applying for or receiving unemployment benefits, or other similar benefits, unless the government agency has determined that the proprietary software is the only means available for the required interaction. In such cases of proprietary software use, the agency shall post a notice of its determination and the use of proprietary software on the agency's website.
 - 2 Effective Date. This act shall take effect 60 days after its passage.
